

# Monday Night Prayer - Media

## Step 1 - Amp Room Breaker

1. Flip the Yellow Breaker #13 in panel I.G. in the amp room

## Step 2 - Courtesy TV

1. Use the TV remote that's on top the equipment rack on the side of the stage to turn on the Lyric TV

## Step 3 - Lighting Breakers

1. Upstairs in the Lighting Closet (top left of the balcony) flip the Yellow Breaker in the middle breaker box
2. Turn on the the switches (marked by the white tape) on the Dimmer Rack
3. Flip the two light switches behind the door

## Step 4 - Lighting

1. (If not on) Bring the lights up by pulling the blackout fader up. Make sure the fader in the house is up too for the house lights to come up
2. Pull in the sermon fader (#5)
3. Set the house lights to 50% with the GoTo button on the screen (and pull down the physical house fader so it doesn't override the 50% preset)
4. Set the Fill and Side faders to 70% and altar to 40%

## Step 5 - Pro Presenter

1. Turn on the back wall iMac (password Isic7). Once logged in and turned on, use Pro Presenter to display a blue background that has the LS slide on it

## Step 6 - Backwall

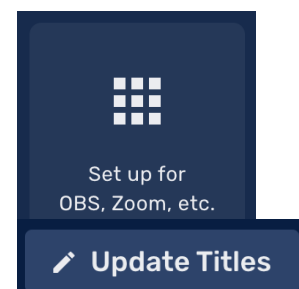

1. Use the black mouse for the lighting computer to open the Christie Virtual Remote app to turn on the back wall. Follow the prompts until a remote shows up on screen and click the power button.

## Step 7 - Video Switcher

1. Turn on the power for the video switcher and the monitors for it. Once fully powered on, select input 2 on the top row of input numbers (red light)

## Step 8 - Live Stream

1. Turn on the stream Mac Mini and log it in (lsic7)
2. Plug in the black internet cord to the back of the Blackmagic Recorder (sends power to it)
3. OBS (Open Broadcaster) and Safari will open automatically, which is the stream software. Make sure the Program Feed is set to Prayer to start
4. Open safari and go to [restream.io](https://restream.io) (if logged out, the login is [media@lifesourcechurches.com](mailto:media@lifesourcechurches.com) / Lifesource7!)
5. In restream, navigate to the “Setup to OBS” Button.
6. Click to Update Titles and change the title to “Monday Night Prayer - \*Month \*Day, \*Year ( example: February 21, 2022)
7. Update the prayer sliding text to include the group that is leading that night (LS Youth or Outreach Team, otherwise keep generic)
8. Click the “Start Stream” Button in OBS to start the stream, it’ll switch to “Stop Stream”. Click that when they dismiss to

Start Streaming

end the stream

9. After the time of individual prayer is over, select Live Feed in ops and click the transition button to get rid of the scrolling text

### **Step 9 - Music**

1. Turn on the iMac on the right end of the media booth, log into it with Isic7, and play the William Augusto album from Spotify. Make sure it is playing on the computer and not the iPad or Bluetooth Speaker.

### **Step 10 - Camera**

1. Get Camera 2 from its cubby and set it up on the tripod. Plug in the power and video cords at the tripod and set it up wide enough to get the stage and some of the altar

### **Shutdown**

Everything can be turned off in any order EXCEPT the back wall. Be sure to use the virtual remote to turn off the back wall and wait 5 MINUTES before cutting its breaker in the lighting closet. It needs to do its cool down cycle in that time.
